Student Led Goal Setting Conference

Thank you so much for coming to the Goal Setting Conference. It is so important that the kids set goals and that we all work together to help them meet them. Reading the comments the children were very happy to show their progress and I know that in December they will be even more proud to show their progress on their goals.

Job Fair

Due to Hurricane Florence our Job Fair was postponed The Job Fair is now Friday, October 26th. I would really like all resumes competed and printed and turned in by this Friday so that everything is ready to go when we track back in. Remember they need at least 5 resumes, but can have as many as 8. Every child will receive a job from the Job Fair. These positions will be filled by the interviewers based on interviews and resumes. All children will receive a job, but it may not be their first choice. The more they interview the more opportunities they will have at positions they are interested in obtaining. **Please assist them in their clothing choices for the interview.** We will be discussing handshakes and eye contact as well in preparation for the Job Fair.

Math

On Thursday we will be taking a test over the entire quarter. Students should be able to create expressions using a statement that they create the expression from. **Example:** add the product of 3 and 5 to 4 and then subtract by 2

$$4 + (3 \times 5) - 2$$

They should also be able to solve 2 digit by 2 digit multiplication. They will also be looking for errors in multiplication using the box method.

Example:

	30	4
40	1200	160
5	150	20

This one is correct, but say they put 120 in the 1st box rather than 1200, the children would need to realize what was wrong and explain it.

They should also be able to do division with a 2 digit divisor. $5793 \div 25$.

Science

The Hershey's Club currently has 3 members and several more are hovering around entry. Students can study during track out to catch up on the words they still need to work on.

Volume 1, Issue 9

This past week we studied the Digestive System. The children took a trip through the digestive system writing post cards from the various locations from the perspective of a piece of food. Many of these post cards were exceedingly clever!

At Saturday school the students did a digestive System Relay. It was great fun! I know that they will remember the experience.

Digested food after leaving rectum!

We will be taking our End of Unit science test on Tuesday.

1.01 Describe and compare several common ecosystems (communities of organisms and their interaction with the environment).

Washington DC

https://docs.google.com/presentation/d/15URZKjjL3U_xI3sBqI2YPucIuI_w_QmfwvzNasr7Jq0/edit#slide=id.p3

The link is the presentation from last week's DC Meeting. Permission slips will be coming home on Monday. I would appreciate the slips coming back immediately. The payments you can do by your schedule- now, or down payment of \$100 due by October 31st. On line payment is now available, but there is a fee. If you want to avoid the fee send a check, money order of cash. We are now ready to handle payments. \$220 per person- adult or child. Our trip is March 28th – 29th. We then track out. We want all children to attend. This is a trip of a lifetime for the children.

Up Coming Events

- September 24th – Human Body Project Due
- September 25th – Science Test
- September 27th – Unit Math Test
- September 28th - Early Release - Track Out Day

*Please note that I update this list weekly. There are many tests not listed yet, because I am not exactly sure where they will fall until we get closer to the date. * Every Friday we have a math 4-Today Test & a Science vocabulary test. Every Thursday we have a Greek & Latin test. I do not list this routine type of testing in the upcoming events.

NEEDED

https://www.amazon.com/gp/registry/wishlist/VYRM3HTB6IGY/ref=nav_wishlist_lists_2

Please note that the books on this wish list are books that we would really love for 1st quarter. The new curriculum suggests these titles and they would be awesome, just no money in budget to get them. 1 or 2 copies of each title is what I am aiming for to share with the children. This quarter all books deal with human rights in a variety of settings.

- Soda for Math Tests
- Crickets for reptiles
- Full Sized Hershey's Chocolate Bars
