Track Out Camp

Mrs. Prickles and Baby are looking for a nice resort to visit during Track Out. If you can provide a home for the holidays they would love it. Please contact me if you are able to help.

Christmas Play

The children have been working very hard on the Christmas play. Last week they had tryouts for parts and we will work very hard Monday and Tuesday to make it happen. The play will be performed at Wednesday at 9:00 in the Gym. Parents are invited to see the children's creation.

Lots of excitement as they plan.

Social Studies

As we have been discussing the need for limited power in government we had a mock Naval Review looking into the powers of a ships' captain. The group below was trying to persuade the Naval Review that the captain was cruel and shared the beatings of one of the crew. They really got into the simulation!

Reading Log

Students should be keeping track of their reading with the reading logs. I am checking them once a week. Each student will be given a different day of the week to have their reading log checked to help with the reading conferences. They need to be signed by parents weekly. Many reading logs are not being filled out correctly. Please help your child remember to fill out their reading log. They will be receiving patches to display their reading successes each quarter.

Math

This week we continue working on dividing decimals using base 10 models, grids, and number lines. Students are not required to understand the standard algorithm, but the models are required. I will show the students the standard algorithm, but it is not expected for the 5th grade standards.
